#### June 13, 2014

### To All Interested Parties

The State Building Code Council (Council) is seeking members for all of the technical advisory groups (TAGs) in preparation for the 2015 code adoption cycle. Technical Advisory Groups conduct research into code related matters, review proposed amendments to the codes, and identify and define issues related to the codes, as requested by the Council or Standing Committee.

The Council will fill open positions on the technical advisory groups (TAGs) for the 2015 code adoption cycle. The 2015 TAGs will convene in the fall of 2014 to begin review of the codes. The 2015 review process will conclude with a report to the standing committees. The TAGs set a meeting schedule once convened. Alternative means of participation not requiring travel is available using the internet and/or conference phone.

The Council welcomes all applicants for positions on any of the TAGs. Please submit a letter or e-mail indicating the TAG you are interested in and the constituent group you represent, along with a resume. Applicants will be asked to confirm the support of a local or statewide organization, where possible. All positions are open and previous TAG members must reapply. The deadline for applicants is August 15, 2014. The Council is seeking subject area experts from the groups listed on the tables below.

The state building code adoption process depends on involvement of the experts and professionals in the building industry. Please consider participating and contact the Council at <a href="mailto:sbcc@ga.wa.gov">sbcc@ga.wa.gov</a>. If you have any questions, please contact staff at (360) 407-9277 or the email address above.

Sincerely,

C Ray Allshouse Chair, Washington State Building Code Council
